

2012 Duvall Art Walk Saturday, 9/15 5-8 pm

Main Street Public Art

In 2007 as part of a utility upgrade, the City of Duvall was able to change the look of Main Street to create an arts environment for Historic Duvall.

Main Street art includes carved cedar planks, cut metal bench backs, and a mural. Locations are identified in the Art Walk Map with **A**

The Main Street design was done by KPG and has one several Washington State community design awards.

The art is located on Main Street between Cherry Valley Rd and Valley Street. More details about public art in Duvall and the artists that created it will soon be on the Duvall Cultural Commission's website at www.duvallculture.org.

New Library Art

KCLS' new Duvall facility opened on August 25, 2012. It's showcase sculpture is by John Grade and is visible from the front window!
